

DHRUTHI PRAKASH

dhruthi.prakash@duke.edu | +1 (984) 369-3629 | LinkedIn: linkedin.com/in/dhruthi-prakash/

Technical Product Manager with **4.5+ years** of experience across **product management** and **software engineering**, delivering **data-driven** and **AI-powered products** from discovery through launch. Proven ability to translate user insights and data into intuitive product experiences while leading **cross-functional execution** across engineering, design, analytics, and business teams.

EDUCATION

Duke University – Pratt School of Engineering,
Master of Engineering Management | GPA: 3.8

Durham, NC
Aug 2024 – May 2026

Courses: Managing AI in Business, Competitive Strategies, Finance, Marketing, Designing Customer Experiences, Managing Product Design, Design thinking

Dayananda Sagar College of Engineering
Bachelor of Engineering in Information Science | GPA: 3.7

Bangalore, India
Jun 2015 – Mar 2019

EXPERIENCE

Tata Consultancy Services

Bengaluru, India

Product Manager (Product Strategy) – GE Healthcare

Jul 2023 – Feb 2024

- Led a **cross-functional team of 8 engineers, QA, and business stakeholders** to deliver **enterprise healthcare product capabilities**, driving execution from **product strategy** through release. Defined **product vision, roadmap, and success metrics** by partnering with customers and business stakeholders, leveraging **SQL, product analytics, and customer feedback** to **prioritize features** and **measure business impact**.
- Conducted **user discovery sessions, translated customer needs into PRDs, user stories, and acceptance criteria**, and collaborated with engineering to deliver high-impact product enhancements. Managed **backlog prioritization, milestone planning, UAT**, and stakeholder communication, proactively resolving **delivery risks** while ensuring successful product launches and continuous product improvements.

Systems Engineer

Jul 2022 – Jun 2023

- Developed **React-based UIs** integrated with **Swagger REST APIs**, collaborated on **API requirement documentation** to support engineering implementation.
- Built **scalable data workflows** using **Python and SQL** to analyze **platform usage**, generate **actionable business insights**, and improve **decision-making**.
- Collaborated with cross-functional teams** to translate requirements into **scalable technical solutions**, improving **delivery efficiency** by **20%**.
- Mentored junior engineers** on **dashboard development, reporting, and technical best practices**, increasing execution velocity by **30%**.

Accenture Solutions Pvt. Ltd.

Bengaluru, India

Application Development Analyst

Sep 2019 – Jun 2022

- Improved **system functionality** using **Python and SAS** by **15%**; optimized **data processes** via **SQL**.
- Performed **market and stakeholder analysis** to shape data-driven recommendations for **product enhancements**.
- Led agile delivery as **Scrum Master**, managing sprint planning, backlog prioritization, and **stakeholder alignment**.
- Acted as a liaison between stakeholders and engineering teams, **improving client satisfaction** by **40%**.

INTERNSHIPS

Toyz Electronics, Inc. (Product Strategy & Marketing intern)

Jul 2025 – Aug 2025

- Led **user research** and translated insights into **PRDs** and **Figma wireframes** for an **Admin Analytics** Dashboard, later implemented by leadership.
- Drove **product rollouts**, onboarding and **roadmap improvements** by synthesizing **customer journey** insights and defining **feature requirements**.
- Coordinated **go-to-market** initiatives and cross-team demos; product impact showcased in a Tech Talk at **Carnegie Mellon University**.

PROJECTS

BondCliq – AI Product Strategy Consultant | Duke University

Aug 2025 – Apr 2026

- Analyzed **institutional bond trading workflows** and **customer feedback** to identify opportunities for **AI-enabled product enhancements**.
- Synthesized **qualitative interviews** and **quantitative insights** to **prioritize product recommendations**, evaluate alternative solution concepts, and inform **roadmap decisions** through **hypothesis-driven analysis** and **A/B testing frameworks**.
- Presented **data-driven recommendations** to improve **user experience, price discovery, workflow efficiency**-decision support for **buy-side traders**.

Taskmates | AI Product

Sep 2025

- Built an **AI-powered task management platform** that **automates** task delegation and contribution tracking; translated **user pain points** into **end-to-end workflows** and drove **MVP development** from concept to execution.
- Built **AI eval sets** to assess **LLM outputs** for **relevance, accuracy, and consistency**, using **failure analysis** to refine prompts and improve task recommendations.

TECHNICAL SKILLS

Product Management: AI Product Management, 0→1 Product Development, Product Strategy, Product Analytics, User Discovery, UX Research, A/B Testing, Success Metrics, Product Roadmaps, PRDs, UAT, Stakeholder Management

Tools/Platforms: Cursor, ElevenLabs, Supabase, Zapier, n8n, Claude, Base44, Jira, Confluence, Tableau, Canva, Figma, SharePoint, MS Project, MS Teams, Excel, Flask, Apache Airflow, Azure DevOps

Languages: Python, Java, SQL, C++, SAS, R, PySpark; **Databases:** MySQL, Microsoft SQL Server

CERTIFICATIONS

- Certified Scrum Product Owner (*Mar 2025*); Microsoft Certified: Azure Fundamentals (AZ-900) (*Jan 2022*); AI Product Management Specialization (*Jan 2026*)
- SQL for Data Analytics and Business Intelligence (*Jul 2023*); Advanced Excel for Business/Data Analysis (*Apr 2022*)
- Tableau to Discover Powerful Business Insights (*Feb 2021*); Building a Product Strategy (*May 2024*); Business Analysis Fundamentals & Use Cases (*Jul 2023*)

LEADERSHIP & ACHIEVEMENTS

- Women in Product MEMPC Hackathon 2026** (Duke University):
 - 1st Place (Duke); 2nd Runners-Up** among MEMPC Consortium universities, competing with teams from Purdue and Cornell
 - Developed product strategy and solution under time constraints, demonstrating strong problem-solving, collaboration, and product thinking
- 2nd Place – Tableau Case Competition** at Duke University (2025)
